Beneficiary Notification Follow-up Communication

Dear Medicare Beneficiary,

This is a follow-up correspondence to your receipt of our Accountable Care Organization (ACO) letter which notified you that our practice participates in the Medicare Shared Savings Program. The goal of this program is to reduce medical waste and the cost of care for Medicare beneficiaries by increasing care coordination and improving the quality of care we provide. If you have any questions or concerns about our participation in this program, please contact us at (405) 742-5848.

As a reminder, Medicare protects the privacy of your health information. If you do not want Medicare to share information with your health care providers for care coordination, call 1-800-Medicare (1-800-633-4227). Medicare may still share general information to measure provider quality. For more information on how Medicare may use and give out your information, visit www.medicare.gov and search for "privacy."

We are committed to providing you with the best care possible. As a partner in your health care, we want to emphasize the importance of staying on top of certain health-related items, like your Annual Wellness Visit, necessary medical screenings, immunizations and other services that you may require. Your well-being is a priority to us and prevention is essential to staying healthy. To schedule an appointment, please contact your primary healthcare provider.
